### 2<sup>nd</sup> Verse

G A7

Kissing her in secret, under mistletoe

C                    F                    G

Thoughts of reindeer, snowman, ho, ho, ho.

G                    A7

Kissing her in secret, you won't get caught

C                    F                    G

At least until you were, that's what you thought

F                    C                    G

And you, try to carry on, as if nothings wrong

F                    C                    G

Lipstick on your cheek and your knees are clearly weak

### **Chorus**

3<sup>rd</sup> Verse

Waking on the morning, snow on the ground

Finding out that Santa's been to town

After Christmas pudding, who keeps the score?

Mum and dad are laughing, Grandma snores

And the children play with the things they got today

Special time of year, happy Christmas and New Year

### **Chorus and repeat Chorus**
